Latest Date for Addenda	August 19, 2026
Proposal Submittal Deadline	August 28, 2026, 3:00 PM PDT
Interviews (if needed)	September 2026
Anticipated Award	October 2026
Submit Proposals To	City Hall c/o City Administrator City of Sonora 94 N. Washington Street Sonora, CA 95370
Project Contact	Tyler Summersett, Community Development Director

The development of the Comprehensive Safety Action Plan is funded in part through the U.S. Department of Transportation's Safe Streets and Roads for All (SS4A) Grant Program.

Requests for Information and City of Sonora's Responses

The City received two questions regarding this Request for Proposal:

1. *Does the City of Sonora have existing priority corridors beyond the high-injury network, SR-49, and SR-108 locations that the City would like special attention to?*

    - Bradford Street
    - Stewart Street
    - Lyons Street
    - Snell Street
    - Mono Way
    - Intersection of Mono Way and Greenley Road
    - Intersection of Mono Way and Restano Way

2. *Are there any areas outside or adjacent to the City limits that would potentially be a part of the scope of this action plan?*

    The emphasis of the Action Plan is on City-owned facilities but consideration should give consideration to any facility affecting transportation safety within city limits (e.g., SR-49 which is owned, operated and maintained by Caltrans). The Action Plan should also consider the context immediately beyond city limits and opportunities to collaborate with partners (Tuolumne County Public Works and Sheriff's Departments, Caltrans District 10) to identify mutually beneficial safety strategies and outcomes.
